TESTS APPLICATION FORM

Sample n° / Test Report-001¹:

Sample Description	Test to carry out and method ⁶	Code CTSS
article ² : _____	_____	_____
declared composition ³ : _____	_____	_____
typology ⁴ : _____	_____	_____
end use ⁵ : _____	_____	_____
note: _____	_____	_____

Sample n° / Test Report-002¹:

Sample Description	Test to carry out and method ⁶	Code CTSS
article ² : _____	_____	_____
declared composition ³ : _____	_____	_____
typology ⁴ : _____	_____	_____
end use ⁵ : _____	_____	_____
note: _____	_____	_____

Sample n° / Test Report-003¹:

Sample Description	Test to carry out and method ⁶	Code CTSS
article ² : _____	_____	_____
declared composition ³ : _____	_____	_____
typology ⁴ : _____	_____	_____
end use ⁵ : _____	_____	_____
note: _____	_____	_____

1) Except for different indications or agreement with the Customer, the Laboratory will issue a Test Report for each sample delivered including all tests requested and carried out on the sample; 2) name/code of the article; 3) enter the declared fibrous composition in percentage; 4) sample type (fiber, yarn, fabric, ready-made, etc...) and manufacture state (raw, scoured, yarn dyed, piece dyed, ready to printing, direct printed, discharge printed, finished, etc...); 5) end use (clothing, accessories, furnishing, linen, etc.); 6) enter the test and/or the reference test method.

Note _____

Ref. CTSS OFFER n° _____

Total number of samples (included the samples reported on the back of the form): _____ Specify right face and/or the side to be examined (preferably on the sample itself): _____

Authorization to cutting (if it isn't specified, cutting is considered authorized): ☐ yes ☐ no

Request for return of: ☐ residual sample (delivery charges are at customer's expense) ☐ specimens tested (colour fastness, aging tests) ☐ nothing

Residual materials sent in excessive quantities will be returned with shipping costs charged to the Customers

For Colourfastness tests it is required the use of adjacent fabric: ☐ monofibre ☐ multifibre

Subject to agreement with Customer Service and/or Laboratory Secretary, it is requested (at the following sales terms):

☐ urgency service for flammability tests (+30%) ☐ urgency service for other tests (+50%) ☐ 48-hour service for detailed tests in the "List of tests that can be provided with the 48-hour service" on the website www.textilecomo.com (€12.00 not discountable)

The details of the economic conditions of these Services are reported in the document "Supply Conditions" on the website www.textilecomo.com. The Urgency and 48 hour Services refer to the availability of test results in preview by the "Web Analysis" and not to the sending of the Test Report or the completion of notification.

Request to issue test report in language:

☐ Italian only ☐ English only ☐ italian and english on separate test reports (€ 12,00 not discountable)

We accept fully the "Supply Conditions", at the revision in force on the date indicated in this form, listed on the website <https://www.textilecomo.com/servizi/prove-di-laboratorio> in the DOWNLOADS section
